# National Geographic Readers: Martin Luther King, Jr. (Readers Bios)

## Synopsis

The most effective method used to influence children to read is to incorporate the information that interests them the most. National Geographic Readers are educational, high-interest, and comprehensive for children. In this title, readers will learn about the fascinating life and legacy civil rights leader Dr. Martin Luther King, Jr. In this level two biography, difficult concepts are made understandable and transitioned into a more approachable manner. This includes the use of sidebars, timetables, diagrams and fun facts to hold the interest of the young reader. The colorful design and educational illustrations round out this text as an exemplary book for their young minds to explore. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

Grade Level: Kindergarten - 3

## Customer Reviews

I bought this for my 4 year old son during Black History Month. It's written at his level, describes this time period in simple, clear, yet honest terms, and has interesting pictures. I love that it also shows the MLK Jr. monument in DC, as we will be taking a trip there soon, and he is excited to see the monument. I also got *Each Kindness* by Jacqueline Woodson, which is a great companion and conversation-starter.

As a K teacher, I am very excited to share this book with my class! Great, factual information that is easy to understand while still challenging them to expand their current knowledge. My kiddos loved it too.

Our greatgrandson had to do a report on Dr. Martin Luther King Jr. The book was a great help and looked great on his poster. We think it was just what he needed for information and explanation of MLK's life.

I bought this book to teach my First Graders about Martin Luther king, Great colorful pictures and useful information. Some of them can even read it on their own which was used for individual writing activities.

MARTIN LUTHER KING JR by Kitson Jazynha is a Juvenile Books/Children's books. Very educational and informative. Another wonderful book for Juvenile readers. I would recommend this title for young readers, educators and anyone who wishes to learn more on the famous life and legacy of Dr. Martin Luther King, Jr. Received for an honest review from the publisher. RATING: 5 HEAT RATING: NONE (JEVENILE BOOKS/CHILDREN'S BOOKS" REVIEWED BY: AprilR, My Book Addiction and More/My Book Addiction Reviews

My 6 year old and I found it to be very interesting, with great age appropriate facts about mlk Jr. He's very interested in history, geography, animals and dinosaurs, so this book just adds to our large collection of National Geographic Kids books!

This National Geographic Kids mini biography series is perfect for elementary age readers not only to gain some understanding of the featured person but also a bit about the technology and culture as well. Each book is filled with wonderful photographs, vocabulary definitions to better assist in understanding of key concepts, interesting facts, detailed timelines, and a quiz in the afterward to test comprehension of the material covered.

Very good and easy to read for the age it has been edited for. I have bought many more books of this kind for my granddaughter. And will continue to buy them. Highly recommended to other buyers.
