Seventh-Day Adventists Believe

Synopsis

Jesus, the central focus of Scripture and history, is also the central focus of Adventist doctrine and experience. In this dynamic book, the basic beliefs shared by Seventh-day Adventists are at your fingertips, ready to be explored, appraised, studied, and substantiated. This single volume shows in detail how each belief is grounded in the Bible and focused on Jesus Christ. The different beliefs, or doctrines, emphasize different facets of Christ's lovely character. Each one reveals more of what He is like and what a relationship with Him means. *Seventh-day Adventists Believe* stands as an authentic resource on Adventist doctrine because it is written by Adventists themselves - more than 230 men and women were involved in the production of this book. Many of them contributed insights gained from years of study, prayer, and their personal walk with Jesus.

Customer Reviews

This book will tell you what the Seventh-Day Adventist really believe. Their creed is the Holy Bible, and you can't get any better than that. Also, they worship on the sabbath day (Saturday). The Catholic religion is the one that changed the sabbath from Saturday to Sunday. If you can attend one of these Churches, you will be obeying the 4th commandment to remember the sabbath day and keep it Holy. I had some reservations until I read this book and downloaded a lot of information from the Internet. My wife and I have left the Baptist Church and we are now attending the Seventh-Day Adventist Church. They are faithful believers and some are born-again Christians. This is the friendliest Church I have ever been in and I am now 77 years old. It is never too late to change

to the Churches that worship on Sabbath (Saturday).

This book is a required textbook for a college course but I have benefited so much from reading it. I think that even non-SDA believers can learn as well from this book, not only because it has the fundamental beliefs of Seventh-Day Adventists, but because there is much more than simple beliefs. It is also a good bible study tool for pastors, theology students, church elders, laymen, or even for any church member to go over the church's beliefs. It is definitely not a boring book as it may seem.

Tells you what they believe without a shadow of doubt. I would recommend reading about Mr. Miller and Mrs. White however, really think a lot of what they do is based on the "interpretation" of the bible and would check that out too if you're looking for a complete overview of what they believe.

This is an awesome book that kills all the lies people spread about Adventists being a cult or that they put Ellen White above the bible. If you read this and follow along with prayer and a real desire to seek truth Jer 29:13 and John 17:17 you will see that everything 7th day Adventists believe can be found in God's holy Word.

Having experience in many denominations as a minister I can say without reservation this volume is an in-depth theological treatment of doctrine that is respectful and rich in material. Any denomination could learn and use this book for training. There are some distinctive Adventist beliefs as title implies but for the most part this book is good for any study in what the Bible says.

This is an excellent primer on Seventh-Day Adventist beliefs. It doesn't wade into deep theological waters but clearly explains the 28 Fundamental Beliefs of the church from Who is God to the basic end-time message of the church.

The Seventh-day Adventist Church has traditionally shied away from formulating creeds for a variety of reasons. Yet, even from its founding the church has had to release answers to doctrinal questions or to challenge false statements about what its actual beliefs were. At the 1980 General Conference session, the church decided on a statement of 27 Fundamental Beliefs that described the church's official positions, but were not criteria for membership. An additional Belief was added at the 2005 General Conference session, just like after 1980 the General Conference

expanded upon the statements in *Seventh-day Adventists Believe: A Biblical Exposition of Fundamental Doctrines*. As stated in the subtitle states, the 28 Fundamental Beliefs are based on and explained through numerous passages in the Bible. In fact, the Fundamental Belief "Holy Scripture" begins the book and is the basis for the rest of the book. The 28 Beliefs are grouped into 6 doctrines: God, Humanity, Salvation, The Church, Christian Life, and The Restoration; with each Belief and doctrinal group leading into one another. With this structure, the reader is given better understanding to Seventh-day Adventist theology. *Seventh-day Adventists Believe* serves a dual purpose of helping Adventists--both longtime and new--learn about their beliefs better and to answer questions as well as misconceptions from non-Adventists. Amongst the questions answered are the Trinity, sola scriptura, and the experience of salvation. Also answered are those beliefs that are seemingly unique to Adventism: the Seventh-day Sabbath, the Great Controversy, Jesus' work in the Heavenly Sanctuary, and the Gift of Prophecy amongst others. If you have ever wondered what Seventh-day Adventists really believe then this book is highly recommended to answer your questions.

Love this book. Very helpful and ease to understand.
