Customer Reviews

It is a quick reference and explains it simply where I can do it and move on to my work.

Did not do much good as Vista was so bad! So we got rid of Vista an the book with it but the Dummie book have always helped me at times.

Book is for dummies and is of virtually no use to the new "stupid" user unfriendly Vista.

This was partially outdated when it went up for sale. Hard item to keep up to date with. I donated it a few months ago.

thanks!
