# Our Constitution Rocks

## Synopsis

Imagine a world without Twitter, Facebook, iTunes, or televisionâ | Little did the Framers of the United States Constitution know that their work would change the course of history, but thatâ ™s exactly what it did. The Constitution has been called miraculous, revolutionary, unprecedented, all that and more! With it, our Founding Fathers created a free nation, a country governed by the people in a way never seen before. Youth Advocate for Constituting America, Juliette Turner takes a unique look at our founding document and makes it relevant to kids today. Our Constitution Rocks is for a new generation, a reminder of what it means to have a voice and live free.â So come along and discover Americaâ ™s Constitution. Learn how those guys in wigs came up with some of the best ideas ever. It still matters to kids today. Find out why.

## Customer Reviews

I purchased this awesome book as a gift for a teacher friend, and I'm glad I made the right decision. 'Our Constitution Rocks' is the first easy-to-read, interesting, and enjoyable book that I've seen for ages 8 and up. Through the last 20 years and even before that, I remember searching-and-searching for a book about the Constitution that would pique the interest of my daughters and grab their attention, and it wasn't an easy task back then. I wish this was published when they were in elementary school, but it's a Great advantage for today's children. Youth

Advocate, Juliette Turner delivers an easy-to-read presentation on information about the Constitution, how it changed history, facts about our Founding Fathers, and much more. In addition, the author creates a unique portrait of our Great nation, making history interesting for a new generation, and reminds us about freedom of speech as she portrays the importance of Freedom. Enjoyable with illustrations, clear, and simple. This gem belongs on the shelves of school libraries and in the classroom!

Purchased this book for my Business & Personal Law class. It's the absolute BEST book I've seen to learn about the Constitution. Easy to read, great illustrations. Really enjoyed reading it, can't wait to share it with my students.

I am so impressed with this book, and the author! I had a chance to meet her and hear her story of writing this book. I was so impressed that I immediately ordered it. I have really wanted to better understand the constitution, and this will be a great book to help me do that. It is written for a teen audience, but my younger kids also are learning from it. I am a homeschool mom and I am so happy to have found this wonderful resource. I recommend this to anyone who wants to understand more about our country, the constitution, and the founding fathers. She did an incredible job putting this together in a format that is fun and easy to read!

This year instead of toys we got our niece and nephews educational books. I was a little nervous, but thrilled when it turned out they loved the books. Apparently they were learning about this anyways :)

I love sharing positive insightful things about the constitution. This book will help me teach my grandchildren the importance of upholding our Constitution!

If you want your children to learn the meaning and value of the Constitution, this is a must for their library. I bought one for each of my grand children. They are not going to learn this in public schools.

This is a fairly comprehensive children's book about the why and what's of the United States Constitution. Although it is a childrens' book, it contains information appropriate for adults, too.

Good Stuff for the GrandKids. Good education so the little ones grow-up knowing how important our

Constitution is every day.
