E Is For Empire: A New York Alphabet

Synopsis

From B is for Brooklyn Bridge to K is for Kodak and onward to T is for Fort Ticonderoga, E is for Empire is an alphabet book that introduces children and adults to New York State's history, culture, and landscape in a unique two-tiered approach. A quick rhyme offers children facts about New York from A to Z. Alongside each rhyme, older readers gain a deeper understanding of the topic by reading the longer expository text. "We travelled New York from A to Z and there is still so much to do and see... We could round each letter twice again and still not reach the very end - Mountains, monuments, museums galore, There is still so much for us to explore, So much for us to celebrate In beautiful, bountiful New York State! "

This is a great idea put together! By taking the alphabet and teaching kids a neat way by using rhymes to learn A to Z interesting facts on history and culture about each state in America. I pick this one as my favorite about the state of New York. Each letter describes a featured N.Y. landmark, like B is for Brooklyn. H is for Henry Hudson the explorer from which the river is named after. I wish they had books like this when I was a kid. What's so bad about a book that can educate kids with lots of original, intelligent contents. All 50 states are fun to collect, too-because of all the really beautifully illustrated works.

excellent for little kids, big kids and adults who like to know more about their state! well written, lots of fun facts for older kids and adults, but cute little rhymes for the littlest ones. well done all around... we've purchased three different ones and have been pleased with all.

this entire series is fantastic! the pictures are great. the information is easy. Two levels - the basic is appropriate for childrens ages 3-6 while on the side there is a higher level of information regarding the book you are reading. This literally grows with your child. Hats off all involved with the series - I cannot rave enough over these books.

Excellent Book! Fun simple rhymes and lots and lots of facts about NY State, giving this mom endless ideas for trips and further reading. My son does not like this book, he LOVES it.

This whole series is terrific. I am starting a collection too for my daughter (age 25) who is a teacher. I'm going to get her a book for every state she has traveled to.

For anyone who would like to know more state history. Tidbits that aren't learned at school even. Great for new babies born into the Empire State!
