Age Range: 6 and up

Grade Level: 1 and up

Customer Reviews

I bought this to use in my 6th grade reading classroom. It is excellent to use to teach reading skills such as main idea, author's purpose, or summarizing. I put it in a center and students have 10 minutes to use the book for an assignment. Since it is at a lower reading level, students have success in building skills to use in higher level texts. This book is a good addition to the grade 1-6 classroom library.

I would recommend this book to first and second graders. It is a well written book. My child enjoyed reading it and had several questions showing me that he wanted to learn more about Mr Carver.

George Washington Carver. This is an excellent biography for elementary grades. It also contains photographs which are good and provide a good example of a beginning biography.
