## Synopsis

From cloud to puddle, and puddle to stream, the Little Raindrop is making its way on the remarkable journey that is Earth's water cycle. In this inviting story;illustrated with pastels for a soft, full color;readers are taught about science and nature through a character-driven narrative that leads a little raindrop on a big adventure. With an easy-to-follow plot that teaches precipitation, water flow, and evaporation, The Little Raindrop offers a sweet story full of learning and discovery. Featuring a heartwarming adventure from author Joanna Gray and beautiful pastel illustrations by Dubravka Kolanovic, The Little Raindrop takes readers on a fun and educational ride through the water cycle. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers;picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

## Customer Reviews

My two year old loves this book! We read it almost every night. The words are calming and perfect for settling down before bedtime. The illustrations are great too with lots of muted colors.

Great book about the water cycle for my preschool class. I was a little put off by the raindrop's silly looking face, but the other illustrations and the writing made up for it.

Very cute story. I received this as a baby gift. The pages are just beautiful.

Beautiful book teaches about the water cycle

Amazing art and story
