New York For Kids: 25 Big Apple Sites To Color (Dover Coloring Books)

Synopsis

Here's a great introduction to Manhattan for young people. Illustrations of 25 Big Apple sites with great appeal to grade-school-age children depict the Statue of Liberty and Ellis Island, the ships at South Street Seaport, mummies at the Metropolitan Museum of Art, and dinosaurs at the American Museum of Natural History, as well as: Grand Central Station; Chinatown; Central Park Zoo; Brooklyn Bridge; American Indian Museum; Madison Square Garden; Empire State Building; Wall Street and Trinity Church; Times Square; United Nations; and eleven other popular New York City attractions. An informative caption accompanies each carefully rendered illustration.Â

Customer Reviews

I was surprised because this book is like if I took a photo of NY and photo shopped them into colorless pictures by setting the edits. The pictures are too detailed to color and so boring for kids. My daughter cast it aside and I thought it would be fun because she loves to color and we went to NY (which she loved to read about in other books)

Love this coloring and information book. Clear, accurate pictures. Great information blurbs that go along with each picture. Perfect for teachers, NY residents or families taking a trip to NY. Very kid

friendly.

Adorable gift for out of towners' kids! The drawings are detailed so I suggest using colored pencils instead of thick tipped crayons.

I think this is hard for kids 5years and younger but really can use it for adult coloring book and read to kids and share with them

Bought as part of a raffle basket content. The winner loved the theme

very fun, big pictures with age appropriate descriptions!!!

Perfect book if you are going to tour NYC with kids.

Very nice guide for the young New York adventurer.
