Adventures In The Ice Age (Good Times Travel Agency)

Synopsis

Join the Binkertons --- twins Josh and Emma and their little sister Libby --- as they return to the Good Times Travel Agency only to find themselves deep-frozen in the Ice Age! First they get lost --- there are no road signs in the Ice Age (no roads, either). Then they're starved and shivering --- Ice Age food is no picnic, and the only shelter is a cave. The Binkertons need to make some friends, fast. Even if they're mammoth, woolly ones ...Adventures in the Ice Age is an engaging mix of adventure and historical information about life in the last Ice Age. Did you know that Early Modern Humans looked like us? Or that Earth has been going through ice age cycles for millions of years? Find out about the world's first art gallery, Ice Age barbecues, music and more.

Customer Reviews

As with all of the books in this series, the author makes history fun and interesting to young readers as they follow the adventures of the three Binkerton children. We own all of the books and just wish that there were more (hint, hint, Linda Bailey)...This was one of only a few books that my daughter chose to take on vacation last November and she read it repeatedly, making the long air travel much more bearable.

This is a great book for young kids, 7-10, who don't like to sit down with an encyclopedia (and most don't) and yet are fascinated with the happenings of mammoths.... This book is in cartoon form and is humorous, fun for kids, yet it sneaks in enough of the facts for the kids to actually learn a fair amount about this time period.

Such a feast for the eyes! So informative! Enjoyable interaction among the siblings. My four kids love this entire series.

Our 9 year old loves these books.
