The Road Home

Synopsis

God is with us every step of the road. God can write a beautiful story out of the worst mistakes and tragedies. Even when we wander away, He is always waiting to lead us home, one step at a time. Amid the highs and lows of life, we sometimes forget that God is at work and that He desires to be our all in all. Denise Jackson shares from her heart to encourage readers to leave their lives in God's hands and discover His power to redeem even the worst of circumstances.

this was absolutely the most beautiful, soul searching book i have read in a long time. it truly reflects my life now... The Road Home. It was given to me from my parents after a 10 day hospital stay for mental illness and substance abuse. i am now taking footsteps of faith, hope, and love. i had lived a life of so much despair and suffering that, at times, suicide seemed the only option. but, i have realized that through the power of prayer and faith that the healing can truly begin...whether mentally, emotionally, or spiritually. i know that God loves me and that gives me faith and hope and fills my heart with love. though it will be a slow transformation, which is life's journey, i now know, with extreme clarity that i am ready to heal and become "whole" again. denise shares her own struggles and emphasizes with the beauty of scripture how amazing God can show us miracles everyday. my hope and prayer is that my marriage can also be restored through the amazing gift of God's love for each of us as His children. i believe with all my heart and soul that God can transform through tragedy. thank you, denise, for putting a special book together that brought out so much truth for me. Thank you for your gift of writing and sharing your candidness with others and, again,

showing that Faith, Hope, and Love are three very special words.S.S., Golden, CO

This is a good book. However, I had already read It's All About Him and this one is a smaller version of that book. But, having said that, this book would make a wonderful inspirational gift and I highly recommend it.

I purchased her first book "It's all About Him." It was a good inspirational read. This book should've been marketed as a condensed version of her first. I felt duped after I bought it.

It's a book that hits home It also let you know that no matter what we do for a career in life we're all human And with that come's joy and suffering and never at the right time.But we do learn to get through it .The book is a true life story .faith and trust in God makes it possible to get through all things .Sometimes we forget that until we hit bottom . That's when we seem to find God and he provides the road homeIt was an excellent bookThe hardest story to tell sometimes is our own .Because they are so personal .Well done Denise Jackson

This is a very personal and moving book about a crisis of faith and finding her way back to God. It's a bit repetitive with all the headings being repeated verbatim in the body of the text, but otherwise very well written.

I was a little disappointed in this book. It was not nearly as good as her first book. "It's all About Him".Actually some of the same stories were in this book as well. It was very short, only 127 pages. Alot of good scriptures and some encouraging words for anyone needing a spiritual lift and trying to find God's way in their life. I think she should try and write something else now. i love Alan Jackson so that is one reason I wanted to read it.

I loved her first book and looked forward to this. Was disappointed. It's just a rerun of the first. I wanted to hear her battle with cancer and watch how God helped her through it like He did me.

Denise is an awesome woman. She stands by her faith and holds firm to what God instructs in her life, as well as her family. I can only imagine how difficult it must be to be the spouse of a super star. People act like they are some kind of gods and would do almost anything to get their attention. These women & men whose spouse is that star are to be commended for hanging in there. SO

many marriages in the entertainment industry do not make it, then along comes a couple like Alan & Denise Jackson. They went through some terrible times, but they were made for each other, and they survived. I have ALWAYS wanted to meet some of the wives of stars and just sit and talk about how THEY live life.
