Customer Reviews

This book is only one in a series of books about ancient civilizations and cultures called "Facts on File", which cover the Roman Empire, the Greek city-states, medieval Europe, ancient Egypt, etc. They are all very great volumes, heavily illustrated with maps, diagrams, and photographs of the personalities, people, places, and cultural/social aspects of the area & time being covered. The text

is very thorough and informative,also. A definite valuable addition to any library on ancient times,I enjoyed it tremendously !!!!!!!!

Geographical (rather than chronological) survey of ancient Palestine with very detailed topographical maps and interesting commentary on the role of geography in Biblical narratives.

Great Bible reference and nice to peruse at a leisurely pace. I ordered it for precisely those reasons and am not disappointed.

Nice very informative
