This book isn't huge but it has some great history in the pages. It teaches about the game and the players and even the women playing professionally during the war. This is one of my kid's favorite books.

I'm a huge hockey fan, and the thing I loved most about this book was the information it contained along with the illustrations. I wouldn't say it's an easy book to color, so maybe not for younger kids, more for older children and adults. The graphics themselves are beautiful.

My grandson has played hockey since he was 4, he is now 10 and plays for a Junior Blues (St. Louis, of course) and he is VERY GOOD. On road trips out of town, I thought he might like to pass the time coloring.

Grand daughter loves it! Likes to have the captions read to her like a story book in addition to coloring.

Loved the history involved in this coloring book. Arrived in great condition when expected.

it's fun and soothing. Wish they had more hockey ones.

Very unique coloring book. It was a huge hit!

Perfect subject matter for my 5-year-old hockey player. Wish I would have bought more to give out in birthday loot bags.
