Cryptozoic Man Volume 1

Synopsis

From the minds of Bryan Johnson and Walter Flanagan, stars of AMC's hit television show, *Comic Book Men!* Shortly after Alan Ostman's daughter goes missing on a family camping trip, he finds himself living life on the fringes. After a particularly rough night, an industrialist interested in Alan's research focusing on the "alternative sciences" bails him out of jail and offers Alan a job. Think your boss is bad? At least they're (probably) not a leather pig-mask wearing, inter-dimensional miscreant bent on having a race of malignant beasts exterminate the world's best known cryptids and destroy the entire universe in the process. Does humanity have a shot? A mythical society of Gray aliens didn't create Cryptozoic Man for nothing!

Book Information

Series: *Cryptozoic Man* (Book 1)

Paperback: 112 pages

Publisher: Dynamite Entertainment (October 14, 2014)

Customer Reviews

Great artwork and amazing messed up pictures. I just wish the story wasn't so confusing. My wife and I love graphic novels, especially messed up creepy ones so this book was up our alley. Too bad the writer over did it making everything bizarre and using huge words. I honestly have trouble articulating this book to others. I want the drugs the writer was on so I too can experience a drug induced hellish nightmare.

The reviews of this comic are obviously misguided. This comic book was so deeply entertaining and meaningful to me as a fan of the Podcast "Tell 'em Steve Dave". The storyline is actually really great if you have ever listened to the Tell 'em Steve Dave overkill episodes. There is an overkill episode

where they talk to this dude who is obsessed with this portal that takes you to like a different, monster world. So I think a lot of this comic is based off of what that dude was saying about these portals. I think that fans of comic book men were disappointed by this comic because it was a deeper reflection of the Bryan Johnson and Walt Flanagan that TESD fans are familiar with, rather than the Bry and Walt they see on TV. They could have made this comic a lot more conventionally likable, but I think that the writers went out of their way to make sure their true fans would have a piece of art to enjoy and love forever.

Great product, a wonderfully horrifying story, terrible shipping. The only, and I mean ONLY complaint I have with this collection is the fact that it's spine came bumped and broken. The story itself is delightfully macabre and nuanced with a new slew of creatures missing from modern comic culture. The story itself is delightful aside from it's dark surroundings. Worth the read.
